

\$150 TIFFANY DIAMOND RING FREE \$150

THE PLAN ENDORSED EDITORIALY.

(From Editorial in the Sunday, January 17, Oregonian.)

"The Salem Capital Journal has inaugurated a scheme by which it proposes to give away to its subscribers a \$150 diamond, absolutely free. The plan requires the payment of a dollar on subscription, which entitles the subscriber to a guess as to an unknown number. The person lucky enough to guess closest to the right number is entitled to the diamond."

THE VENERABLE REVEREND WILLIAM DOLLARHIDE TAKES A GUESS

The Opportunity to Get a Free \$150 Diamond Ring Extended to All Old and New Subscribers

Beautiful First Water Stone Set in a Tiffany Gold Ring Given Away as An Expression of Good Will Toward Subscribers

Your Choice of 975 Numbers, Any One of Which May Be the Unknown Number That Gets the Glittering Diamond ---No Possibility of Any Crooked Work.

The Journal Free Diamond Guessing Contest enters upon the third week with prospects of increasing interest. Orders for subscriptions and guesses on the diamond have come from Southern and Eastern Oregon and Washington, and from California and other states.

Open to All on Equal Terms.
To prevent any unfairness and give all subscribers an equal chance, The Journal has extended the right to a free guess to all who may be in arrears on the carrier lists or on special delivery as well as by mail. Many old friends are allowed to run over the time paid for by special request and as a favor to them, and we are willing they should be treated as well as cash-in-advance subscribers or new subscribers. After all, what newspaper man who does not love his old subscribers most? That is our feeling, and we extend our good will to all on equal terms.

Father Dollarhide Participates.
Nearly everybody knows Rev. Wm. Dollarhide, the veteran North Salem minister. He is one of the best men in his church and a pioneer who has done much good in the world. He made a guess for The Journal diamond ring the other day, and judging from his past experience, is likely to win the sparkling gem. Some years ago a fine road wagon was given away in Portland to the best guesser and Father Dollarhide came within one of the fortunate number. He is an old subscriber of The Journal and takes a keen interest in this contest and will be among the first to congratulate the winner. He considers it one of the fairest contests that has ever come under his observation.

First Two Weeks a Success.
The first two weeks of The Journal Diamond Guessing Contest have indeed exceeded the most sanguine expectations of all concerned. More guesses have been made than anyone would have predicted and scores of these have come through the mails, while a subscription clerk at the business office of The Journal has been kept busy writing receipts, explaining the modes operandi and depositing guesses for those participating. At times many have been lined up at the counter waiting their turn to guess at the unknown number. All feel pleased with this opportunity to participate in a contest for so valuable a prize which is absolutely free to the fortunate subscriber.

Many regular subscribers are paying up their paper a year in advance and thus securing six guesses, besides thus being freed from a collector's call, and gives them a goodly number of guesses for the \$150 gem. Some are paying up six months to secure three guesses, and many new subscriptions are coming in on this liberal offer. One young man paid his father's subscription a year in advance and took the guess himself and will collect the money

back from his indulgent parent. Others are going so far as to pay the subscriptions of their less interested friends and will thus get the guesses for the short use of their money, and may win the valuable prize for their trouble. One man who takes several copies of the paper has taken 15 guesses, and yet he realizes that only one number can win the prize.

How to Participate.
For each receipt of one dollar for the Daily or Weekly Journal, to any address, the person to whom the receipt is issued, will be given an opportunity, absolutely without cost, to have a guess at the unknown number, and the person or persons guessing nearest that number will receive as a present and without any compensation whatever, and merely as an expression of good will on the part of The Journal toward its subscribers, the \$150 diamond Tiffany ring advertised in this paper and on exhibition at the jewelry store of C. H. Hinges, 85 State street, Salem, Oregon. The party paying one dollar or more shall receive a receipt for each dollar paid, and have the opportunity to guess a different number for each such receipt held. No commission is allowed to any agent or solicitor for securing subscribers, and the person so subscribing does it with the understanding that the Daily or Weekly Journal is accepted as payment in full for the money paid.

Unknown Number—How Prepared.
The unknown number that is to be guessed was made up in the following manner. The ten numbers from nought to nine were put on separate slips of paper and folded so as to be unseen, and a committee of subscribers was asked to conduct the assembling of the unknown number. This unknown number was formed at the Journal office on Monday, January 11, 1904, in the following manner: The ten numbers from nought to nine, inclusive, on separate slips of paper, in small sealed envelopes were placed in a box, shaken, and a blindfolded person in the presence of the committee drew out three of those ten numbers, marking the first one, the second two and the third three in figures, and they were then placed in a large envelope, sealed up and placed with the diamond on exhibition in the jewelry store show window each day during the guessing contest, and will not be opened until the contest is closed, when the diamond will be given to the nearest guesser. The unknown number will be formed by putting together the three numbers in the order as marked, one, two, three, on the envelopes in which they are contained. The unknown number will not be assembled until the guessing contest is completed, and publicly announced to subscribers.

The Number to Be Guessed At.
There it is, sealed up in an envelope in the window with the diamond, and there it will remain until the diamond is given away to the lucky guesser. Written across the face of a large white envelope are the words: "This envelope contains the unknown number."

ber in The Capital Journal Diamond Guessing Contest." This number was formed in exact pursuance of the plan advertised in The Journal, by a committee of business men and Journal subscribers, who came into the office Monday, January 11. Following is their signed statement on exhibition at Mr. Hinges' show window:

The Unknown Number.
We, the undersigned, were present at The Journal office January 11, and assisted in the forming of the unknown number, according to the plan published to be used in The Capital Journal Diamond Guessing Contest. Under the rules of forming the number, it is impossible for anyone, not even the members of this committee, the publishers of The Journal, nor the jeweler who furnished the ring to know what the number is.
(Signed) N. J. JUDAH,
J. G. GRAHAM,
GEO. C. WILL,
HAL D. PATTON,
CHAS. H. HINGES,
FRANK C. FERGUSON.

Limited Competition.
The number of receipts issued in this contest will be limited to the number of guesses possible in the range of the numbers between 012 and 987, as the unknown number must be composed of a figure within those limits. The unknown number cannot be less than 012 nor more than 987. To be a perfectly harmless and innocent and amusing guessing contest the number to be guessed at must be and remain absolutely unknown. There must be no chance for any crooked work on the part of The Journal publishers, of the jeweler furnishing the diamond, nor on the part of any subscriber. The receipts for this guessing contest will be numbered in duplicate, but the stub will be only for the purpose of identifying the subscriber who is the successful guesser—each subscriber writing the guess number on the back of his receipt—each one making his or her own guess at the unknown number. As soon as the receipts are all sold the guessing contest will be over and the nearest number awarded the diamond.

How the Guesses Are Made.
On securing a receipt for one dollar or more, the person wishing to guess will write his guess between the above numbers on the back of the receipt in ink or indelible pencil, writing only one guess on each receipt, and depositing the same in the soldered tin box provided at The Journal office for that purpose. Subscribers out of town will be allowed to make their guess in the same manner. Receipts will be mailed them, and they can return the same, with their guess written on the back, in a sealed envelope plainly marked "Journal Diamond Guessing Contest," and they will be deposited in the box. The soldered tin box will not be cut open until all the receipts in the guessing contest are sold—975 receipts in all.

SOME ANCIENT FOOD

Bread Was Venerable, but the Butter Was no Rarity

The story of "the oldest dinner which has ever been eaten," is told by the Brussels correspondent for the New York Herald. According to this correspondent, an antiquary in the city of Brussels named Goebel invited his friends to this spread, a description of which is given by one of the guests as follows: "At that dinner I ate apples that ripened more than eighteen hundred years ago; bread made from wheat grown before the children of Israel passed through the Red sea, spread with butter which was made when Elizabeth was queen of England; and I washed down the repast with wine which was old when Columbus was playing barefoot with the boys in Genoa. The apples were from an earthen jar taken from the ruins of Pompeii. The wheat was taken from a chamber in one of the Pyramids, the butter from a stone shelf in an old well in Scotland, where for several centuries it had lain in an earthen crock in icy water, and the wine was recovered from an old vault in the city of Corinth. There was six guests at the table, and each had a mouthful of bread and a teaspoonful of wine, but was permitted to help himself bountifully to the butter, there being several pounds of it. The apple jar held two thirds of a gallon. The fruit was sweet and as finely flavored as if it had been picked but yesterday."

Affluence.

(Puck.)

The Teacher—But you wouldn't want to be a little heathen?
Phoebe Coopah—Umph! Reckon I would if dey git all de collections what's took up fo' 'em.

Thousands of Persons in All Sections of the Country Have Been Healed by This Wonderful Discovery.

Dear Friends:
Don't read this advertisement if you expect to get something for nothing, because you won't. We have a good article and we want money for it. He sensible. If you had something that was worth a dollar would you give it free? When you read an advertisement where you get something for nothing, that something is either no good or else they are up to some "dum-dum" game.
We are not running a patent medicine business, so rest easy on that subject. We do not know the word failure—never have and never will. The educated and higher classes are the ones we want to reach. We reach men and women in all walks of life. Men and women, who today are before the public as national characters have had our confidence and the benefit of our experience. It is a 20th century product, one that will be more appreciated the more it is tried.
"Fresh from the bath and as good as she looks." This old saying describes our clients to a T. We have a VITALIZER—a great medicine. It tones the system, centralizes weakness of all descriptions—makes an even temperature over the body and in fact it makes a new man and woman. Radium will within a few years be a part of every hospital and surgical institution of our land. No germ can stand the force of contact with this new discovery. Rheumatism and debility flee before it. The mighty force of the turbulent waters of Niagara are in comparison with this new product as an old fashioned CANAL. "Why did not some one discover it before?"
Another says, "So simple, it is hardly creditable."
From the far West comes the unalloyed response, "A Godsend to humanity." Wallcott Christie, of New York, the well-known author, says, "My success in a great measure is due to 'Radium.'"
Weakness of certain organs is responsible for all diseases. We build up your system so that a disease is an impossibility. If your digestive organs are out of order, if your blood is impure, if you can't sleep, eat or attend to business, will cure you and guarantee to do so. I will give you a written guarantee. Could you ask anything more?
"RADIOS."

RADIUM RADIUM RADIUM
Delight your friends, astonish relatives, and make wonderful experiments with this activity 500,000 mgr. 0.800,000. We give you this as a present when you order dozens of any man or woman's money. Act as the same as X-rays. Simply wonderful. REMEMBER THIS IS A PRESENT.

FATE.

It is very convenient to attribute the disasters which overtake us to fate. But for the most part man is the arbiter of his own fortunes. Business men are struck down suddenly as by lightning. The verdict is generally "heart failure." "His heart was weak. It was fate for him to meet this end." But if we went behind the "weak" heart we should find a "weak" stomach, probably, and back of the weak stomach is careless eating at irregular hours.

When the stomach is diseased the organs depending on the stomach for nutrition are starved. Starvation means weakness of the body and its organs. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When these organs are cured, diseases of heart, liver, lungs and kidneys, caused by the diseased stomach, are cured also.

"In the fall of 1897 I was taken with another spell, palpitation of the heart, and a distressed feeling in my stomach," writes Mr. H. W. Kinney, of Knight, Doddridge Co., West Va. "I consulted a doctor and he said I had organic heart trouble. He gave me some medicine, but it did me no good. I then tried different kinds of patent medicines, but they only helped me a little. I then sent and got five bottles of Dr. Pierce's Golden Medical Discovery. Before the first bottle was gone I felt a change. When the five bottles were gone I began to work. I had not worked any for a year before."

"I am well and can eat anything now with the exception of pork and greasy food."

Doctor Pierce's Pleasant Pellets cure biliousness.
